Yugoslavia Wins UN Security Council Seat

Will Split Term With Philippines

UNITED NATIONS, N. Y. (AP)—Yugoslavia finally won a U. N. Security Council seat Tuesday through an unprecedented lottery deal to split its two-year term with the Philippines.

The Yugoslavs, reported to have handed the Philippines a written promise to resign from the council in Manila's favor after serving one year, were given 43 votes to 11 for the Philippines. The Belgrade delegation on Jan. 1 will take the seat now held by Turkey.

The decision, carefully prepared through hours of lobbying since it was sprung on an amazed and resentful Assembly last Friday, came on the lone ballot of the day. It was the 36th round in the deadlock going back to Oct. 14, and it was over in a few minutes.

Thirteen countries, said to be mostly Latin American and Asian, abstained in protest. Sweden and Finland got one vote each and the other vote cast today was invalid. Six of the 76 members did not answer the call for the secret ballot.

Happy over solving its last big problem in what was generally regarded as the only possible way, the delegates wound up the 10th General Assembly at 12:48 p.m.

The 11th Assembly is slated to meet here next Nov. 15. The plan is to postpone its opening from Sept. 18 so there will be no conflict with the U. S. presidential election.

Jose Maza, Chilean diplomat and Assembly president, worked out the lottery plan.

Under the plan, the assembly Tuesday voted formally for Yugoslavia for a full two-year term. But informally it was known that Belgrade would stand aside at the end of next year and work for the election of Manila to finish the remainder of the term. The agreement was accepted by Henry Cabot Lodge Jr., U. S. delegate.

The 10th Assembly opened in September with benefit of the Geneva spirit of accommodation among the great powers. As the Assembly went on, this spirit was increasingly strained.

It appeared to be disrupted when a deal to admit 18 countries was blown up by vetoes by Nationalist China, which knocked out Communist Outer Mongolia, and

Prepare For Sale Of Shares Of Stock In Ford Motor Co.

NEW YORK (AP)—The sale of some seven million shares of stock in the Ford Motor Co. moves a step nearer Wednesday with the filing of a registration statement by the company with the Securities and Exchange Commission.

The statement is a necessary preliminary to public offering of the shares. A bulky document, it will list sales, earnings and other financial information long held secret by the privately owned automaker.

The shares are expected to go on sale Jan. 18. The seller is the Ford Foundation, the philanthropic trust set up by Henry Ford in 1936. Its main asset is Ford Motor shares. Those to be sold will represent only about 15 per cent of its holdings.

It's doubtful that a price will be set on the shares Wednesday; usual practice is to wait until just before the offering. The consensus in Wall Street is the price will be somewhere between \$60 and \$70 a share. That would mean proceeds of \$420 million to \$490 million dollars for the foundation.

SAFE DRIVING CAMPAIGN RESULTS IN FEWER DEATHS WASHINGTON (AP)—The 21-day safe driving campaign which ended Dec. 10 brought the first downward trend in traffic fatalities since last February, the President's Committee for Traffic Safety announced Tuesday.

Figures compiled by the group showed 2,069 fatalities during the campaign. This was 75 fewer than during the corresponding period of 1954.

Up until then, the committee said, traffic deaths had been steadily higher than last year. Fatalities last March were 5 per cent over the same month of 1954. April and May were up 6 per cent, June 7 per cent, July 11 per cent, August 10 per cent and September and October 12 per cent. November totals were not yet available.

Eden Names Lloyd Foreign Secretary In Shake Up Of Cabinet

LONDON Wednesday (AP)—Prime Minister Eden Wednesday shook up his government, naming as foreign secretary Selwyn Lloyd, 51, a sharp-tongued lawyer who has a reputation for blunt talk to the Russians.

Former Foreign Secretary Harold MacMillan, 61, took over direction of Britain's financial policies as chancellor of the exchequer.

Richard A. Butler, 53, stepped out of the job of chancellor to become lord privy seal and leader of the House of Commons. Butler also will direct policy at Conservative party headquarters. In effect, Butler becomes deputy premier, with special instructions to get forward-looking legislation before Parliament.

Four U. S. Planes Land Safely In Antarctic Area

AUCKLAND, New Zealand (AP)—The first air link between New Zealand and Antarctica was established Tuesday with the safe landing of four U. S. Navy planes at McMurdo Sound, reports relayed here said.

Mt. Erebus, an active volcano towering 13,000 feet above the icy continent's landing strip, provided a guiding beacon on the last stages of the 2,200-mile nonstop flight from New Zealand's South Island.

Four other planes, all part of an American expedition headed by Rear Adm. Richard E. Byrd, were forced back by strong headwinds. The four landed safely near Dundee in New Zealand.

First two Neptunes and then two Skymasters arrived on McMurdo Sound, a channel between Ross Island and Victoria Land on the Antarctic continent.

This area is on the west side of the Ross Sea, on the opposite shore from the ice shelf on which Byrd's Little America camp formerly was established.

Because there are no landing points between New Zealand and the Ross Sea, seven Navy ships were spaced a few hundred miles apart along the flight route to assist the planes if need be.

Liquor Importer Sees 'Drinkingest' Holiday In Years

WASHINGTON (AP)—This holiday season, a liquor industry man said Tuesday, looks like one of the drinkingest in years.

"All our records," Harry L. Lourie of the National Assn. of Alcoholic Beverage Importers, "show that business this season is very, very good."

But Lourie says this doesn't automatically bring up a mental picture of a booze befuddled father stumbling home to his wailing wife and children.

"Not many people understand it," Lourie said, "but this nation has changed its drinking habits completely. For one thing, it does not drink as much as it used to before Prohibition. For another, the trend is away from the old saloon type of drinking, and into the home."

To Lourie's way of thinking this is a good thing.

"Did you ever notice that when men go into a bar the drinking is in direct relation to the number in the party? If two go in, they're likely to wind up having two drinks. Four, four drinks, and so on. It's not the fault of the bar, of course. They only serve the dollar world."

Both the company and unions said issuance of the loans was being made without incident.

Subzero Cold Nips Area From Plains To East Coast

By THE ASSOCIATED PRESS

Bitter cold nipped the northern border states from the Great Plains eastward through New England Tuesday.

Overnight low temperatures included Mt. Washington, N. H., -33; Lowell, N. Y., -23; Utica, N. Y., -14; Greenfield, Maine, -16; Newport, Vt., -16; Duluth, Minn., -14; Pittsfield, Mass., -6 and Stokes State Forest, N. J., zero.

The weather was the coldest of the season for much of the East.

International Falls, Minn., had a noon reading of -5, while Utica in central New York had -1.

Early afternoon readings were generally zero to 10 above from the Northern Plains to New England. Snow flurries swirled across much of the area.

Cold weather prevailed east of the Continental Divide, with the exception of Texas and the Gulf states. Afternoon temperatures were mostly in the 50s and 60s in the South.

FOREIGN AID CROSSROADS

How much the new Congress votes for defense and foreign aid will probably determine whether or not the federal budget can be balanced in the year starting next July. So there's bound to be some pretty sharp debate on these big items.

Foreign aid is perhaps especially vulnerable, since this country already has spent more than \$50 billion in the past 10 years on foreign projects of all kinds. Many lawmakers, and the people they represent, are weary of shipping money and materials overseas.

These folk would argue that we have already spent too much abroad, that any more large appropriations will simply bloat the national debt further and make budget-balancing and tax-cutting virtually impossible.

They make the added points that some foreign lands already regard this nation as "Uncle Sugar" and are too demanding, while others show utterly no gratitude for past favors.

If any aid is needed, which these critics doubt, they would have it take the form of private investment, except when a country's defense effort requires bolstering.

The proponents of continued foreign assistance contend this is the worst possible time to shut it off. Russia is engaged in the most ambitious economic warfare it has ever waged, particularly in the uncommitted but wavering countries of the Near East, Middle East and Southeast Asia.

If we were to let up now, the advocates say, we would run the risk of seeing the Soviet Union become the prime influence in these nations. All the economic problems these latter have are growing more, not less acute. The country that lends a big hand may do a lot to sell its system of government to the recipients.

It may also discover that the recipients, through gradually rising living standards, have become a better market for the goods of the befriending nation.

Right now the odds seem to favor those who want to trim foreign aid. Discontent over foreign outlays appears to be rising.

Possibly the only thing that would turn the tables the other way—aside from powerful intervention by President Eisenhower—would be an unmistakable Soviet success on the economic battlefield. For instance, if Burma or Afghanistan went Communist, we might decide that, despite its cost, a big aid program is our chief hope of preventing the rest of Asia and Africa from sliding into the same abyss.

In Hollywood

By BOB THOMAS

HOLLYWOOD, Calif.—The actress who was selected for the most popular performance of the year was just as surprised by the honor as was some of Hollywood.

Some 15 million moviegoers give or take a few hundred thousand in the Audience Award Poll in the Gray Flannel Suit."

Jennifer Jones has long been considered one of the less attainable Hollywood stars, and she admitted that she didn't particularly care for publicity.

As a result, she is seldom impressed by an impression on her when viewed, except occasionally on a screen. She's young and ambitious; she has two sons by her first husband—Robert Walker Jr., 15, and Michael, 14.

"Now I realize the value of such things and appreciate them more."

Miss Jones said it was especially pleasant to be honored by the public after having had many flops. What's this—a star admitting Indian term "tejas," which means "friends."

Japanese Orphans To Have Christmas In Midwest U.S.

TOKYO (AP)—Three Japanese orphans will leave Wednesday for the United States and an American-style Christmas season celebration.

Two other orphans will leave Friday.

Flying from Japan Wednesday are Taeko Fujishima, 6; Rumi Miyazaki, 6; and Hiroshi Shibata, 4. The three will go to San Francisco and from there board an American Airlines plane for Chicago. They are all being adopted by Midwest families.

Each family is requested to take a can of fruit or vegetables for distribution in baskets to needy families.

Lunch will be served after the program.

Early Mailing Takes Frenzy Out Of Rush

As Jacksonville postal employees entered the home stretch of the Christmas rush they were leading by two lengths and not being pushed, according to Postmaster Philip Doy.

This cheerful report didn't mean that the post office isn't doing a land office business. Many thousands more first class letters and cards have passed through the cancelling machines than last year. The fact that the postal workers have everything fairly well under control just a few days before Christmas is because the public helped them by early mailing.

From Dec. 10 to 19 the volume of first class pieces going through the cancelling machines was 35,000 more than for the same period last year. Yet there has been no serious con-

gestion of mail.

The public has been wonderful. Postmaster Day said, "People started mailing letters and parcels early, as urged by the Post Office Department. It is much nicer this way."

Postmaster Day said a steady flow of mail starting early during the holiday season is more economical than the oldtime rush, when everyone seemed to wait to the last minute to do their Christmas mailing.

Postal workers were driven to exhaustion to keep up with the deluge and extra help and overtime increased expense.

Last year the biggest day for first class mail during Christmas week was 70,000 pieces. This year the high volume for a 24-hour period was 70,000 pieces.

There have been several 70,000-piece days which tends to reduce the last-minute rush.

Artificial Legs Take Tot To Tree In First Steps

WEST ORANGE, N.J.—A little blonde girl toddled slowly toward the gaily decorated Christmas tree — her first steps with her artificial legs.

And with these steps the future looked brighter for 2-year-old Cynthia Ann Inman of Sherman, Texas, who was born without arms or legs.

The lesson in learning how to use the artificial limbs was a special present for Cindy, as she is called, and for her mother, Mrs. Vida Inman, 31. At most, Cindy took only four or five steps at the Kessler Institute for Rehabilitation here Monday.

But it was enough for a start, and enough to spark the hope that she won't grow up helpless.

The people of Sherman have the gratitude of Mrs. Inman for their contributions to a "See Cindy Walk" fund.

This is Cindy's fourth trip to the institute. She'll return with her mother when Cindy is 3½ to be fitted for artificial arms by the rehabilitation experts.

Mrs. Inman said she was anxious for her husband, Lloyd, a power company lineman, to see the progress made by Cindy.

This boy's mother told excitedly Monday night of a telephone call from the President thanking young Lincoln and his parents for a gingerbread house which Tommy left with a secret service agent Sunday when the Lincolns tried to visit the President's farm.

Monday they received a call from the President himself, said Mrs. Lincoln. He talked to Tommy first, thanking him for his gift and then invited Mrs. Lincoln to bring her family for a visit, she said.

Ike Invites Young Lincoln To Visit

READING, Pa.—Thomas Abraham Lincoln, 7, has an invitation to stop in for a visit with the Eisenhowers of Gettysburg when the President returns to his farm home there after a trip South.

Fanning of Jacksonville.

The gathering also honored the Gold Star children in the Rushville community. Gifts were presented to the children, a beautiful handmade lace crocheted tablecloth was given to Mrs. Ackman and a hand crocheted doily was presented. Mrs. Fanning from the Rushville chapter.

Two couples accompanied Mr. and Mrs. Ackman from Macomb. Local members attending the gathering were Mr. and Mrs. William F. Fanning, Mr. and Mrs. Roy Newberry state vice president, Mrs. Thomas Ruby, and Mrs. Sarah Scribner.

Pastor, Wife Entertain WSCS

The Grace Chapel church WSCS met recently at the church parsonage where Rev. and Mrs. Aubrey Dunning entertained at the annual Christmas carry-in dinner. The bountiful meal was enjoyed at beautifully decorated tables.

Mrs. Hannah Brockhouse opened the meeting by having the group sing, "Joy to the World," with Bessie Bourn at the piano. Mrs. Brockhouse read a Christmas poem, Love Came Down at Christmastime.

Miss Minnie McFadden was in charge of the worship service which opened with the song, "O Come All Ye Faithful." After leading in prayer, Miss McFadden read the Christmas story from the book of Luke followed with a poem, I Saw the Lights of Christmas.

Mrs. Eulah Standley had the program the theme of which was We Would See Jesus Today. This was in several parts: United Nations, in the offices, shops and stores; in the hearts of children and in the home. The group then sang, It Came Upon a Midnight Clear. After prayer, Mrs. Standley read, A Christmas Gift.

Mrs. Charles Ater read the secretary's report and Mrs. Thomas Mayes gave the treasurer's report. Roll call was answered by 13 members and five guests. Mrs. Ruth Dunning closed with prayer.

After the meeting a basket of food was presented to the Dunnings from the ladies. The society also gave them a cash gift for Christmas. A gift exchange was enjoyed by all present.

The next meeting will be held Jan. 4 at the home of Esther Brockhouse. Ruth Dunning will have the worship service and Grace Ater will give the program.

Those present were Grace Ater, Esther Brockhouse, Hannah Brockhouse, Mildred Daniel, Ruth Dunning, Cora Lee Jam, Dot Mallicot, Kathryn Mayes, Cora McFadden, Mae McFadden, Minnie McFadden, Eulah Standley, Ella Wiswell and guests, Bessie Bourn, Mrs. Callander, Ann Mallicot, Julie Robertson and Lorena Standley.

Perfume That Clings

O—Dear Penny: I adore perfume, but for some reason or other its fragrance just does not last on me. I have told several of my friends that I want a new perfume, but first I must find out about a lasting one.—Mrs. A. W.

A—A particularly good idea for women who claim that perfume does not stay with them is a Liquid Skin Sachet. It smooths on the skin very easily, and lingers longer because of its sachet base. It has a slower rate of diffusion and evaporation than any other type of fragrance and was originated by Houbigant. Try their Chantilly Liquid Skin Sachet. Only \$1.85 plus tax at Long's Pharmacy.

Group Finds No Crime, Politics Tieup In Chicago

CHICAGO (AP)—The City Council Crime Committee says it has found no evidence of an alliance between organized crime and politics but criticizes the Chicago Police Department as "incapable or unwilling" to investigate charges against its own men.

The findings were announced Monday in a long report by Irwin N. Cohen, chief counsel for the committee which has investigated organized crime in the city for about four years. It was submitted for full Council approval today.

"No evidence was found of an alliance between organized crime and politics" in Chicago, the report said.

It added that large-scale gambling in Chicago now "is at an all-time low." It added, however, that finding this was due more to stronger federal laws than to efforts of the 3,000-strong Police Department. It added also that "there is evidence to indicate that many of the operators of sneak gambling establishments are organized."

Police Commissioner Timothy J. O'Connor declined to comment on the report.

The report said police depart-

ment organizations "furthered" the alleged covering up of charges of misconduct against policemen. These are associations of patrolmen, sergeants, lieutenants, and captains.

Their attitude more closely follows that of guilty defendants than of public employees," the report said.

The report offered these recommendations to correct police conduct:

Higher pay for captains and a greater variation in pay for other police personnel within a given classification based on length of service.

Appointment of two or more lawyers to insure that the proper legal representation is followed in investigating similar to one now in operation in New York. The department would function as a fact-finding agency for the mayor.

Creation of a department of investigation similar to one now in operation in New York. The department would function as a fact-finding agency for the mayor.

The Chicago Tribune estimated the Chicago would receive "about 15 million dollars." The Chicago Sun-Times estimated the bequest at "as much as \$20,000,000."

A university spokesman declined to make an estimate.

Melville A. Gray, one of the estate's attorneys, said he could not make an estimate until possibly later this week or early next, the Tribune said.

The will specified the bequest would be used to establish the "Louis Block Fund for Basic Research and Advanced Study."

The Sun-Times quoted university Chancellor Lawrence A. Kimpton as saying the bequest would be used to recruit outstanding scientists and expand the training of promising young men and "foster research in areas that have significance but otherwise might be neglected or ignored."

Block, a chemist, was a graduate of the University of Illinois. Death came at Huron, S.D., where he had gone to purchase stock for his 500-acre farm north of Plainfield.

The specific bequests in the will included \$100,000 each to St. Joseph's Hospital, Joliet, and a nephew, Dr. George Block, Joliet; \$50,000 to Silver Cross Hospital, Joliet, and \$25,000 each to nine individuals.

**East-West Football
Teams Visit Kids At
Shrine Hospital Tue.**

By CHRIS EDMONDS

SAN FRANCISCO (P) — Dark storm clouds hung over the red brick building on San Francisco's West Side Tuesday, but inside it was the brightest day of the year in the lives of scores of children.

Actually, if you'd looked only at the glowing faces of the youngsters and ignored their twisted limbs and bodies, you'd never have known they were crippled.

They were the happiest kids in town, these boys and girls in the Shrine's Crippled Children's Hospital, as they entertained a half-hundred football stars.

It was the occasion of the annual visit of members of the East and West squads to the big hospital.

Christmas took a back seat to bright college colors in the wards as the youngsters welcomed the grid stars.

The talk between the crippled patients and the husky footballers was gay. It was just like, for instance, the conversation between

big brother and little sister in millions of American homes at the holiday season.

"I've got boy friend," confided brown-haired Sharon to big Jim Mense of Notre Dame as he sat on the edge of her bed. Sharon's right arm was in a sling, but her eyes sparkled.

Mense, a 206-pound center, grinned delightedly as the 8-year-old miss chattered on.

Four-year-old Bobby, both tiny legs in walking casts, tottered between beds. Jim Contratto of

BROOKLYN, N. Y. (P) — Don Newcombe, whose 20 victories and .356 batting average helped propel the Brooklyn Dodgers to the 1955 National League pennant, signed his 1956 baseball contract Tuesday for a reported \$25,000.

This is \$7,500 above the paychecks he received in 1954 but a compromise of the \$30,000 figure he said a couple of months ago he would

seats were sold out by last August.

NEWCOMBE SIGNS FOR \$25,000 WITH DODGERS

BROOKLYN, N. Y. (P) — Don Newcombe, whose 20 victories and .356 batting average helped propel the Brooklyn Dodgers to the 1955 National League pennant, signed his 1956 baseball contract Tuesday for a reported \$25,000.

"Look at him," marvelled Contratto. "I think he might turn out to be left-handed like me."

The 31st annual East-West game, with all proceeds above expenses going to the Shrine's fund for crippled children, will be played Dec. 31 at Kezar Stadium. Its \$1,000

morning.

JOHNSON, DENTIST FOR U. OF I. TEAMS, DIES

CHAMPAIGN, Ill. (P) — Dr. W. F. (Bill) Johnston, 55, dentist for University of Illinois' athletic teams, died Tuesday. He suffered a heart attack Sunday night.

Dr. Johnston was said to be one of the first to develop individually fitted plastic mouthpieces as an improvement over the rubber type used by boxers.

Burial will be here Thursday morning.

Pincks Rated As Top Team In Poll; Quincy Is Tenth

SPRINGFIELD, Ill. (P) — Pinckneyville's unbeaten Panthers edged West Rockford's defending state champions for the No. 1 rating Tuesday in the first weekly poll of downstate prep basketball teams.

The Rockford club received six first-place votes to five for Pinckneyville, but the Pincks ended up with three more poll points in the consensus of 13 sports writers and sportscasters. Alton and Galesburg each got a first-place nomination.

Galesburg wound up third in the poll, LaGrange was fourth and East St. Louis fifth. The poll intended to pick the teams with the brightest outlooks for the state title.

Four members of the top 15 are matched in games this week. West Rockford faces undefeated La-Salle-Peru, ranked ninth, and the No. 5 East St. Louis Flyers collide with seventh-ranked Collinsville in a battle between unstoppable schools.

The top 15 teams with won-lost records:

1. Pinckneyville 4-0

2. West Rockford 4-1

DECEMBER WHEAT DROPS 8½ CENTS

By WILLARD ROBERTSON
CHICAGO (AP) — Wheat futures dipped on the Board of Trade Tuesday, with the December contract down as much as 8½ cents at the close.

Liquidation in the December contract was due to the fact that Tuesday was the last day for trading in December deliveries. Any contracts remaining open now must be settled by delivery of the cash article.

Wheat closed 1 to 8½ cents lower, corn 1½ to 1¾ lower, oats unchanged to 1¾ higher, rye 7½ higher to 1¾ lower, soybeans unchanged to 3½ down, and lard of 5 to 33 cents a hundred pounds.

Wheat prices showed the widest break in the customary scramble to settle contracts on the final trading day.

Wheat was weak all day, however, due to the government's crop forecast which estimated wheat production at almost 23 million bushels more than the last government estimate. This was a larger expansion than traders had expected.

The government weekly weather and crop summary said much colder weather than usual had kept winter wheat and rye in a dormant condition.

The report added that these small grains lacked protective snow covering in many sections of the winter wheat belt and that some damage already had occurred because of the low temperatures.

The five-day weather forecast indicates temperatures will be 3 to 10 degrees above normal in the winter wheat belt, however.

The government estimated soybean production at 371,276,000 bushels, not much below the previous forecast. Traders had expected the report might show a reduction of 5 to 10 million bushels.

High-priced Houston Oil was up between three and four points. Standard Oil (NJ) was active and up between one and two points.

A long list of aircrafts were higher—Boeing, Douglas, United, Northrop, North American, and Beech. On the other hand, Glenn Martin was hit by profit taking and fell back for a loss.

Fireside quickly lost around two points after directors declared the usual quarterly dividend of 50 cents.

Both Chrysler and General Motors were lower and active. Also down were Santa Fe, Paramount Pictures, Kaiser Aluminum, Goettl, U. S. Steel, and Bethlehem Steel.

U. S. government bonds were up.

NEW YORK (AP) — The stock market was irregularly lower today with aircrafts strong and oils higher in the late afternoon.

With a few exceptions, the range ran from two points higher to around a point lower.

Trading was estimated at 2,200,000 shares, compared with 2,380,000 Monday.

Tree Of Lights Fund Runs Behind Total For 1954

The annual Tree of Lights drive which furnishes the money for Christmas baskets to needy families of this area, has gotten off to a slow start, according to leaders in charge, and the total last night stood almost \$500 behind the amount gathered on the same day a year ago.

The JayCees, with Tom Miller and Don Hauser serving as co-chairmen, were in charge from 9 a.m. to 5 p.m. when \$145,17 was collected.

The Business and Professional Women handled the project from 5 to 9 p.m., with Mildred Davidson the chairman. Gifts received in that period was \$43.39.

Those giving \$10 or more included the Elliott State Bank, Duncan & Vernon, Fay Daniel, Wesley Sunday school class, Ralph Thompson, Dr. Mary Louise Newman and the Ideal Baking company.

Funeral Services

Mrs. Mae Long Vaughn

CARROLLTON—Funeral services for Mrs. Mae Long Vaughn of Beloit, daughter of Mr. and Mrs. Steven Long of Carrollton and native of Greene county, will be held at 3 p.m. Wednesday at the Assembly of God church in Beloit. Burial will be made there. The body is at the Smith funeral home in that city.

The state highway route extends around the square. Because of parking meters and the present vertical system of parking, the state will not bear any expense of resurfacing the square. The city has taken the position that the present parking system is of more value to the public, and is therefore willing to maintain the entire street surface.

Resurfacing 5.26 miles from Main and Washington streets in Virginia south to the Cass-Morgan line is scheduled for U. S. Route 67. The cost is estimated at \$212,000. Other proposed construction in this area includes:

Surfacing and resurfacing of 4½ miles on U. S. Route 67 from Route 100 in Beardstown east to Bluff Springs. \$523,000 construction.

Surfacing and resurfacing of 17½ miles and bridges on U. S. Route 67 from Route 103 west of Beardstown northwest to Route 101, right-of-way costing \$45,000.

Eight miles of surfacing and resurfacing and two bridges and widening one bridge on U. S. 36 from Kinderhook to east of Barry. \$140,000 construction.

Three bridges on F. A. Route 55 near White Hall, \$105,000.

The governor's proposed highway improvement program listed probable cost as \$127,305,000 throughout the state. More than \$7,000,000 will be spent in improvements in 14 counties, under the scheduled plans.
